## SHIP RESTAURANT & BAR

Alongside our restaurant, Spree Fumée offers an innovative bar concept that invites guests on a flavorful journey of discovery. As a tribute to Berlin's impressive bridges, we've named our handcrafted cocktails after the city's nine most iconic ones. Each drink tells the story of a bridge, capturing its unique character and significance to the city.

With each sip, we aim not only to offer our guests a delicious cocktail but also to bring them closer to the fascinating history of Berlin's bridges. Whether it's the "Monbijoubrücke" or the "Oberbaumbrücke" cocktail, our beverages are an invitation to experience the connection between enjoyment and culture.
